

## **August 20 | Sycamore Farm**

The mission of Sycamore Farm is to provide sexually exploited women a safe opportunity to heal through holistic, trauma-informed residential care, and lifelong discipleship.

- Pray for the staff to continue to move forward in the battle against sex trafficking.
- Pray for the financial resources to build a home that can house the women and children who are rescued from sexual abuse.
- Pray that child abuse will decrease so that children won't feel that they have nowhere to turn except to a false sense of love found in being sexually exploited.
- Pray for a better understanding of what sex trafficking is and how it affects the neighborhoods we live in.
- Pray that the sex exploitation-oriented businesses and influences will be extinct.

*Prayer: Pray that the women who are trapped in this darkness will see that Jesus provides REAL love.*
